

## Maintaining the ironbridge Lions website

### Managing the hosting of the website

The Club website is hosted by Hostinger UK. We own two "Domains" - <http://www.ironbridgelions.org.uk> and <https://ironlions.org.uk>

The site can be accessed from either of these URLs - the [Ironbridgelions.org.uk](http://www.ironbridgelions.org.uk) is set up to divert to the [ironlions.org.uk](https://ironlions.org.uk) address when accessed.

The cost of hosting has been paid for 4 years to April 2026 and at present the only other charge is for the [Ironbridgelions.org.uk](http://www.ironbridgelions.org.uk) domain. (the [ironlions](https://ironlions.org.uk) address is provided free as part of the hosting plan). The cost of the [ironbridgelions](http://www.ironbridgelions.org.uk) address is around £15 per year and this is billed annually.

To access the Hostinger site to manage the hosting arrangements, go to [www.hostinger.co.uk/](http://www.hostinger.co.uk/) Click on Login and then on the next page enter the email as [ironbridgelions@email.com](mailto:ironbridgelions@email.com) and the Password as Oakbrook1979

### Managing the Website contents

The website itself is developed in Wordpress, using the theme Tesseract and the pages are built using a plugin called Beaver Builder. If none of this makes sense, have a look at the following online:

Wordpress what is it and how does it work? <https://www.youtube.com/watch?v=71EZb94AS1k>

Beaver Builder <https://www.wpbeaverbuilder.com/a-complete-beginners-guide-to-beaver-builder/>

The website is updated through the Wordpress control panel – known as the C Panel. To access this go to <https://ironlions.org.uk/wp-admin> key the user name as [cthompson@bcs.org.uk](mailto:cthompson@bcs.org.uk) and the password as (80dyUZ)Qeh

If you are not familiar with wordpress you might want to look at an online tutorial and you will find plenty of C Panel for beginners tutorials on the internet,
